The Middle School Parent Campaign and High School Parent Campaign are educational outreach efforts of the Vermont Department of Health (VDH), Division of Alcohol and Drug Abuse Programs (ADAP) designed to reduce underage drinking in the state of Vermont. Funded by a federal Department of Health and Human Services Strategic Prevention Framework State Incentive Grant (SPF SIG) and a federal Department of Justice Enforcing the Underage Drinking Laws (EUDL) Grant, this two-part campaign is directed toward parents of middle school students and high school students. By raising awareness and providing tools and information, we empower parents to talk to their children about the dangers of underage drinking and to refuse to provide alcohol to minors.
